Docket No.: 412692001700

The Examiner has required restriction between Group I (claims 1-24 and 46-63) drawn to a cooling system and Group II (claims 25-45 and 64-77) drawn to a method of cooling a microwave antenna.

Applicants hereby elect Group I, without traverse. Applicants expressly reserve the right under 35 U.S.C. § 121 to file a divisional application directed to the nonelected subject matter during the pendency of this application, or any application claiming priority from this application.

In the unlikely event that the transmittal form is separated from this document and the Patent Office determines that an extension and/or other relief is required, Applicant petitions for any required relief including extensions of time and authorize the Commissioner to charge the cost of such petitions and/or other fees due in connection with the filing of this document to Deposit Account No. 03-1952 referencing 412692001700. However, the Commissioner is not authorized to charge the cost of the issue fee to the Deposit Account.
